Anti-Bullying Week Information

Dear Parents/Carers,

Next week, it is Anti-Bullying Week across the country. The children will have an assembly on this as well as discussion time at various points during the week. Coming back to this through our school values and PSHE curriculum is something we are very committed to, to actively be an anti-bullying school.

Please see the attached letter which has been sent to us by the Barnet Resilient Schools branch of the local education authority, outlining the theme for this year's Anti-Bullying Week and a range of resources and services available to all.

Kind regards,

The SLLF Safeguarding Team
