British Science Week: 9th March 2026

Dear Parents and Carers,

To celebrate British Science Week we are excited to inform you that the children will be taking part in an interactive assembly and a workshop linked to their science learning this year. These workshops will take place at school during the school day and will be led by Mad Science who run our popular after school club.

To fund this exciting opportunity, we are asking for donations of £6 per child. Payments can be made via School Money. Please be aware that school funds are limited for such activities, therefore if the contributions do not match the cost involved we will be unable to provide these opportunities and may have to cancel this event.

We are excited to celebrate Science Week across the schools with a range of exciting activities throughout the week. Thank you for your support to help us provide these experiences to enhance your child's learning.

Kind regards,

Mrs Hubball-Barnard
Assistant Head

Mrs Ouseley
Science Lead
