SQUIRES LANE
LEARNING FEDERATION

03/03/2026

Dear Parents/Carers,

We are writing to you following correspondence shared by some of our neighbouring Secondary schools to their communities about incidents taking place between students after school.

It has been reported that there is a recently created TikTok account that references Secondary schools in the borough of Barnet and appears to encourage students to approach, challenge or film confrontations with other young people and share these videos online.

There is no evidence to suggest this is an issue impacting primary students in the local area at the present time, but we wanted to share this with you as your child has permission to travel to and from school independently.

It may be helpful to remind your child about acting in a safe and responsible way during their lone travel time and what they should do in terms of reporting any concerns they have.

Kind regards,

The SLLF Leadership Team
