SQUIRES LANE
LEARNING FEDERATION

2nd June 2025

Dear Parents/Carers,

We have received reports from members of the local community of a teenage boy knocking on doors in Finchley over the weekend, purporting to be raising money for the recent damage caused at Tudor and Manorside.

We have not asked anyone to undertake such action and this person has no link with either school. If anyone requests donations for money for either school at your door or anyone you know contacts you to query this, please share this information with them and ask them to inform the police.

If you, or anyone you know, has any footage (CCTV, doorbell cameras, etc.) related to this or the incident which took place at the two schools last Monday 26th May, please pass this onto the police at the earliest convenience.

Thank you for your support in this matter.

Kind regards,
Mr Dalziel
