National Numeracy - Family Maths Toolkit

Dear Parents/Carers,

Following our 'Help your Child Love Maths' workshop, your child will have received the Autumn Family Maths Toolkit from the National Numeracy charity today. If you missed the workshop you can find the slides here.

In the kit you will find a selection of maths activities to complete with your child. This activity pack contains short, fun, 'real life' activities for you to do with your children with a strong focus on problem solving and reasoning. The aim of these activities is to promote enjoyment of maths through discussion and working together on everyday maths.

There is no expectation for you to return these to school. We will be sending out additional activities during the Spring term and again in the Summer term.

If you have any questions about the toolkit, please do not hesitate to contact me.

Kind regards,

Gwyn Hubball-Barnard
Assistant Head
Manorside & Tudor Primary Schools
